### **Vision**

To foster an inclusive and supportive environment that ensures the holistic development of students, empowering them to excel academically, socially, and personally, while upholding values of integrity, leadership and social responsibility.

### **Mission**

Our mission is to promote the holistic well-being of students by addressing their academic, social, emotional, and personal needs. We strive to create opportunities for leadership, skill development, and community engagement while fostering an inclusive culture where every student feels supported and valued. Through our initiatives, we aim to instill values of empathy, integrity, and social responsibility, while serving as a bridge between students and the institution to ensure their welfare remains a top priority.

### **Objectives**

1. To provide guidance and counseling services for students' mental, emotional, and academic concerns.
2. To promote health, hygiene, and wellness initiatives on campus.
3. To encourage student participation in decision-making and leadership roles.
4. To ensure equal opportunities and support for students from diverse backgrounds.
5. To create a safe and inclusive environment free from discrimination, harassment, or bias.
6. To help students develop confidence, communication, and interpersonal skills.
7. To serve as a platform where students can voice concerns and seek resolution in a fair manner.
8. To guide students in availing scholarships, financial aid, and other welfare schemes.
